19 kg

FACT SHEET : VLAM - Gardenflame

In addition to its function as an outdoor heater, VLAM is also an excellent light source and it creates a cosy atmosphere on any balcony, terrace or in the garden. The handy rollers make the unit easy to move around and use in any number of different settings. Enjoy evenings together with this unique heat lamp.

The outdoor heater is powered by gas and it features a Piezo igniter. The heater warms up in seconds and does not require an electricity connection. VLAM is extremely safe thanks to the protective grill and the tilt protection.
