- Thermometer
- 213 x 296 cm

FACTSHEET: FASSSAUNA 7 - CEDAR

Enjoy the ultimate sauna experience in your own garden. The original Canadian red cedar **BARREL SAUNA** is ideal for outdoor areas. Its attractive design is perfect for any garden. The **CEDAR WOOD** is characterised by a unique fragrance.

The wood is resistant to pests and insects. The round shape means the sauna warms up quickly and results in **OPTIMAL HEAT CIRCULATION**. No nails are used in the design and the risk of cracks is reduced because the wood is free to move slightly within the steel bands.

TECHNICHAL INFORMATIONS
