SUSTEN
HOT TUB

6 SEATS

EXPLOITED IN WOOD

COMPLETO ASSEMBLATO

This sturdy SUSTEN HOT TUBE with thermal wood lining for the garden hides a surprising secret: the inner insert is made of stainless steel! This makes maintenance easier, there is no need to check the swelling of the wood and adjust the tension bands as with the wooden tub! The SUSTEN with stainless steel insert protects against leaks, is hygienic and easy to clean. 5-6 people can spend a fun bathing time or a cosy, relaxed evening together. Suitable for families with children.

Wooden cover included (Illustration deviates)

27kW aluminium stove with chimney and rain cover
