BLACK 16
PEDESTAL FAN

The elegant BLACK 16" pedestal fan in modern silver-black design fits in perfectly with any interior design. The transparent ASP fan blades quietly provide you with fresh air in your home or at your workplace. The handy rotation knob allows you to switch between the three fan speeds and adjust the height of the unit.
The fan distributes fresh air effectively around the room thanks to the horizontal oscillation. Pressing the button causes the unit to swivel automatically back and forth from left to right. The vertical angle of the fan can also be set manually. The fan is quiet and can be used in any room.
