CHEMICAL FREE
WATER TREATMENT
WHIRLPOOL ACCESSORIES

Whether retrofitted to your spa or installed in your new one, chemical-free water treatment with ionic technology keeps your water clean and fresh!

Once installed, the system works independently with your filtration system, with minimal maintenance. Run times are electronically programmable. Except for the recommended weekly backwash, no more water changes are required.

MINIMAL MAINTENANCE

ODORLESS

Going green

WITHOUT IRRITANTS NOR CHEMICALS

THE COMPARISON

CHLORINE PURIFICATION	COPPER / ION CLEANING
Eye irritation	No eye irritation
Strong odor	Odorless
Respiratory irritation	No irritants
Storage of the product	No storage necessary
Loss of effectiveness in sunlight	No effect of environmental influences
Risk of corrosion	No corrosive properties
Poor buffer capacity	Constant ion formation
