SONNENKÖNIG OF SWITZERLAND

FACTSHEET : DELUXE - Waterwall

A **healthy indoor** climate arises naturally when pure water is evaporated. Moving water surfaces **bind dust and pollen,** and filter the air. The purified air gives you a wonderful sense of wellbeing. Moreover, the water-wall helps you achieve the air humidity level of **45%–50%** recommended by doctors.

Water **flows down the scale-like ribs** of the unit, creating the water-wall's unique and attractive effect. The sound of the **flowing water** calms the mind and creates a relaxed atmosphere. The rib structure is available in blue, black, silver, red and orange, so you can **choose the perfect water-wall for your home.**
