FACTSHEET : DONALD - Heating pad for the feets

No more cold feet! With the DONALD feet warmer you never need to suffer cold feet again. Simply put the DAISY heat cushion in the designated **pocket and close the zip.** The feet warmer offers plenty of room for both feet – you can sit back and relax! The warmth from the heat cushion is transferred to your feet, helping your body, mind and spirit to relax.

It takes around **10–15 minutes** to warm up, at which point the red LED light switches off. Up to **6 hours** of mobile heat without a power socket – be mobile, be free! The automatic control function switches the heat cushion off automatically when the heat transfer fluid is warm.
