SONNENKÖNIG OF SWITZERLAND

FACTSHEET : IDAHO - Infrared sauna

The sun-like rays of the infrared sauna treat your body with a deep warmth, which relives pain and has a positive effect on health and beauty. Deep relaxation for body, mind and soul! The beautiful infrared sauna offers room for one person and can also be used with the door open.

One of the advantages of the infrared sauna is the deep heat it produces, which precisely regulates energy release, attuned to the body's energy. It is not only the outer layer of skin that is warmed, as with traditional hot-air saunas – you sweat from deep inside. Incidentally, this also has an amazing purifying and detoxing effect and is an excellent treatment for muscle pains and tensions. The radiated warmth has a positive effect on the skin, joints and digestion, it mobilises and strengthens your immune system, and activates the circulation system.
