FACTSHEET : SAHARA - Ceramic Fan Heater and Humidifier

Sahara combines **2 practical functions** in a single device: heating and humidification. The device has an LED display and a dust filter. The temperature can be set between **5°C and 35°C.** The device promotes **good health and breathing,** and is also **suitable for asthma sufferers.**

With its 1.6-litre water tank, the **humidification output is up to 300 ml/h.** The device has a **12-hour timer,** oscillates and is easy to use. Thanks to the practical **ECO function,** the device consumes less power than comparable models. The double function means you can enjoy heating and air humidification with a single device – ideal for the perfect indoor climate!
