SONNENKÖNIG OF SWITZERLAND

# FACTSHEET : SECCO 150 - Tumble dryer

The SECCO 150 clothes dryer gently dries your **clothes as if in the open air**. The powerful, energy-efficient unit is mounted onto the wall aligned in the same direction as the clothes line. **Perfect for use in apartment buildings.**

The moist air sucked in by the fan passes through the fluff filter and the cooling surfaces of the condenser, where the water vapour is eliminated as condensation and channelled out via the drain. After that, the dehumidified air is warmed up again and blown back into the room. In practice, the drying time depends on the room and the air conditions, the type of clothes washed and the volume of residual water left in the washing. **Measured at 20°C/80% RH.**

## Technical informations

- Power: 860 Watt
- Supply: 230 Volt
- Color: white, blue
- Certified: CE
- Guarantee: 2 years

## Specifications

- Drying until to 20 kg
- Drying time: 5 h
- Dehumidification: 31 l / day
- Air circulation: 2880 m³ / day
- Compressor: R407A
- Operating temperature: 8 – 32°C
- Low energy consumption
- 3 programs available
- Wall mounting, direct drainage
- Anti-vibration device
- Easy to use
- Protection: IP 22
- Removable filter
