SILICA
DEHUMIDIFIER

The SILICA is equipped with the Silica Gel technology. The advantage of this technology is that the gel absorbs moisture from the air without the need for an electrical connection. The silica gel can be reused up to 300 cycles and is only connected to the mains power supply during the recycling cycle. The dehumidification time is 2 - 4 weeks and the recycling time is 12 - 15 hours at 400 watts. The mini dehumidifier changes from orange to dark green when it is saturated and recycling can begin.

VERY SILENT

AUTO OFF

CA. 300 CYCLES

TECHNICAL DETAILS

- Power 25 W
- Color: white, green, blue
- Dimensions: 19 x 12.5 x 4.5 cm
- Weight: 750 g
- Warranty: 2 years

7 640110 925003

TECHNICAL SPECIFICATIONS

- Very silent
- Room size up to 5 m²
- Economical
- Silica Gel Technology
- Ecological
- Dehumidification period: 2 – 4 weeks
- Recycling time: 19 – 21 hours

PACKAGING INFORMATION

1	
Packaging content | piece	Units per pallet
19 x 4.5 x 12.5 cm	0.75 kg
Product dimensions (piece) w x h x d	Weight
22.7 x 8 x 16.3 cm	0.85 kg
Packaging dimensions w x h x d	Weight
