SONNENKÖNIG OF SWITZERLAND

FACTSHEET : SLIM M 2000 - Convector

The Slim convector heaters are perfectly suited for **wall-mounting** because of their **ultra-thin design.** They have **three heating levels** and distribute the warmth optimally around the room. The heating unit is housed in a **metal box and is fitted with aluminium heating elements.**

With their sleek design, the Slim convector heaters are also suitable for smaller rooms. They are easy to mount on walls – an excellent way to **save space.** The heater is very quiet when in use. The unit has **overheat prevention function,** making the device extremely safe.
