SONNENKÖNIG OF SWITZERLAND

FACTSHEET : TAYOSAN SRE 3001 - Heating petroleum

Heat any place, any time! Ideal for use outdoors, and in mountain huts, allotments and builder's cabins. Turbo-powered heating the modern way! The tip-over and impact fuse make the device extremely safe, while the single-lever mechanism makes the heater easy to operate and offers maximum convenience.

The tip-over and impact fuse switches off the device if it tips over. The oxygen sensor monitors the climate of the room. The unit switches itself off as soon as the oxygen supply is no longer sufficient. The tank can be refilled either with the electric pump or the hand pump.

Technical informations

- Absorbed power: 22 Watt
- Power: 800 – 3000 Watt
- Supply: 230 Volt
- Color: grey
- Certified: CE
- Guarantee: 2 years

Specifications

- Attractive design
- Rollover protection
- Anti-shock Security
- Electronic control
- Tank capacity: 5 Liters
- Petroleum direct injection
- Oxygen sensor
- Consumption: 0.07 – 0.30 l/h max.
