LETOR

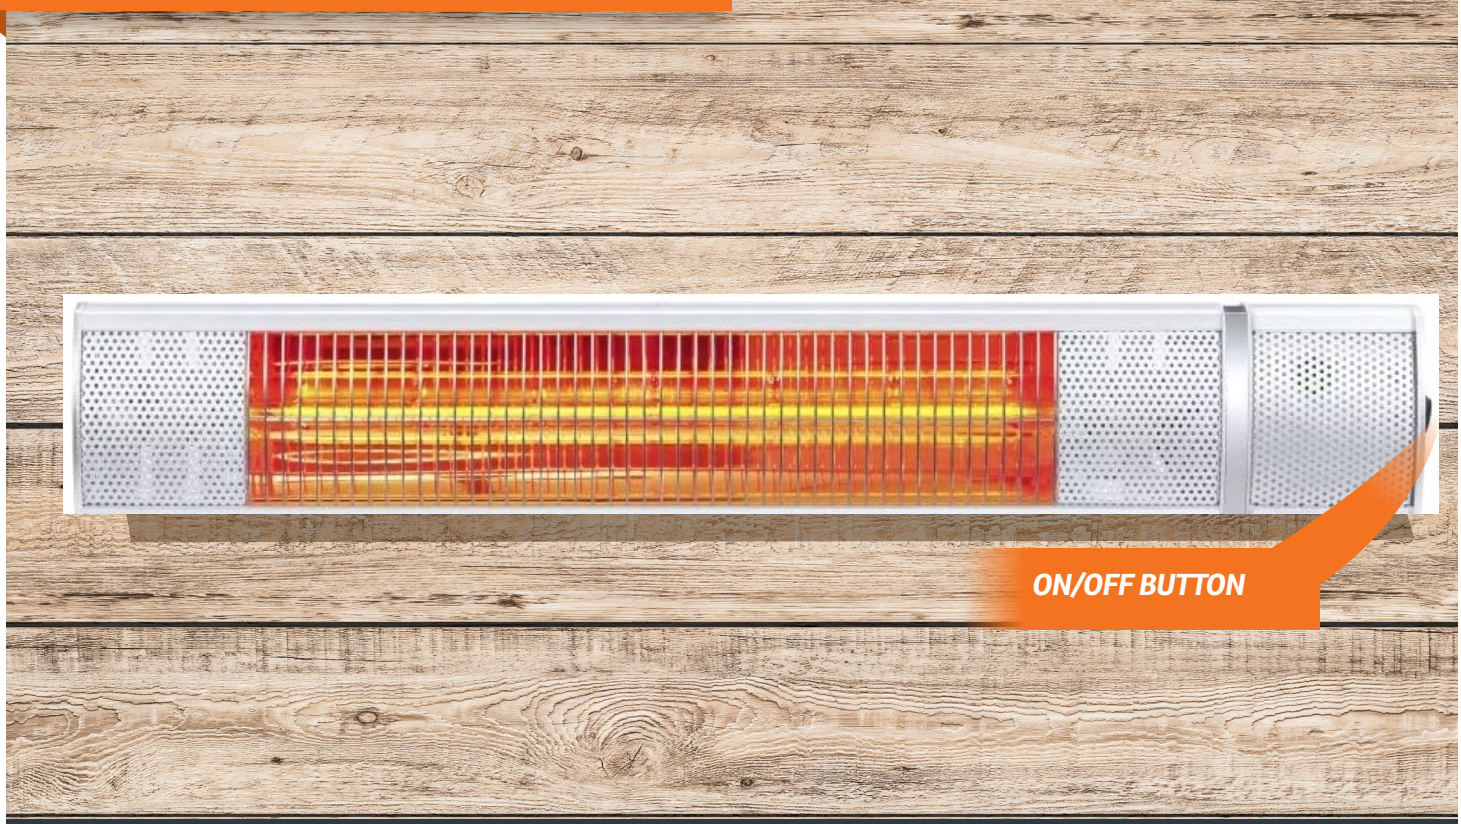

INFRARED LAMP

The **LETOR** heats according to the natural principle of the sun: instead of heating the air, its infrared rays provide direct, pleasant warmth for people and surfaces. Walls, floors, and furniture store the heat and release it slowly for long-lasting comfort even after switching off. With 2,000 watts of power, the **LETOR** is ideal for wind-protected outdoor areas of approximately 8 to 13 m². Its robust aluminum housing with IP65 protection rating makes it weatherproof against rain, snow, and dust – perfect for year-round outdoor use.

REMOTE CONTROL

3 HEAT LEVEL

IP 55

TECHNICAL DETAILS

- Power: 2000 W
- Color: silver
- Dimensions: 16.5 x 63 x 20.5 cm
- Weight: 2 kg
- Warranty: 2 years
- Art.-Nr.: 20010662

7 640334 422265

TECHNICAL SPECIFICATIONS

- Wall mounting & ceiling mounting
- 3 heat settings
- Protection class IP55
- Remote control
- Aluminum housing
- Overheating protection
- 1.7 m cable
- Mechanical on/off button
