CERAMIC HEATING

The ceramic heater for the office desk - Efficient, pretty, handy and practical to use: ideal for any space that needs to be heated for a short time. They have a very high thermal efficiency and can be exposed to very high temperatures. Safe and trouble-free operation, 78% more power than conventional radiator systems. They can produce a high heating effect in a very short time. You save up to 20% energy with the Ceramico line! Ideal for the transitional period and in between. The advantages of the ceramic heating element are a high load capacity and a long service life. They have an immediate heat output, as they do not require a start-up time, unlike conventional fan heaters.

TECHNICAL DETAILS

- Power: 1100 / 1800 W
- Colour: silver, grey
- Dimensions: 19 x 26 x 12 cm
- Weight: 2.1 kg
- Warranty: 2 years
- Article No.: 20100361

7 640110 926604

TECHNICAL SPECIFICATIONS

- Attractive design
- Fine security grid
- Thermostat
- Low energy consumption
- Spray water protection
- Overheating protection
- Modern tecnology
- Ceramic element
- Double isolation
- 2 heat levels
- This product is only suitable for well insulated spaces or occasional use
