MAXIMO 10
CERAMIC HEATER

Its new modern design and easy handling is ideal for any room. The mica heating elements ensure uniform and optimum heat distribution. A constant and pleasant temperature is guaranteed. No additional dust is stirred up and the air is pleasant and cosy. 100% heat with 66% energy - saves 1/3 electricity and protects the environment. When the operating temperature is reached, the ECO function switches on; the mica plate constantly retains its optimum heat without any loss. All with the latest technology and safety features.
