MILLY
HEATING BLANKET

The Milly Heidecke heated underblanket, made from skin-friendly cotton fleece, fits perfectly on your single mattress thanks to its elastic corner straps. It offers two heating zones: a warmer lower section for your feet and a milder upper section for your body.
With 6 heat levels, overheat protection, and automatic shut-off, it promotes circulation and metabolism – ideal for cold weather and muscle tension.
The controller and cord are detachable, making the underblanket machine-washable and easy to clean.
