NOBLADE HEAT
COLUMN FAN

The elegant **NOBLADE HEAT** fits into any room thanks to its practical design. The unit does not require any ventilation blades and thus provides - quietly and safely - hot or cold air in your rooms. Thanks to the additionally installed ceramic heating element, the unit can also be operated in 2 heating stages. The horizontal oscillation distributes the air optimally. In addition, the unit has a remote control so that you always have all functions under control.
