TYP 8T / TYP 8F

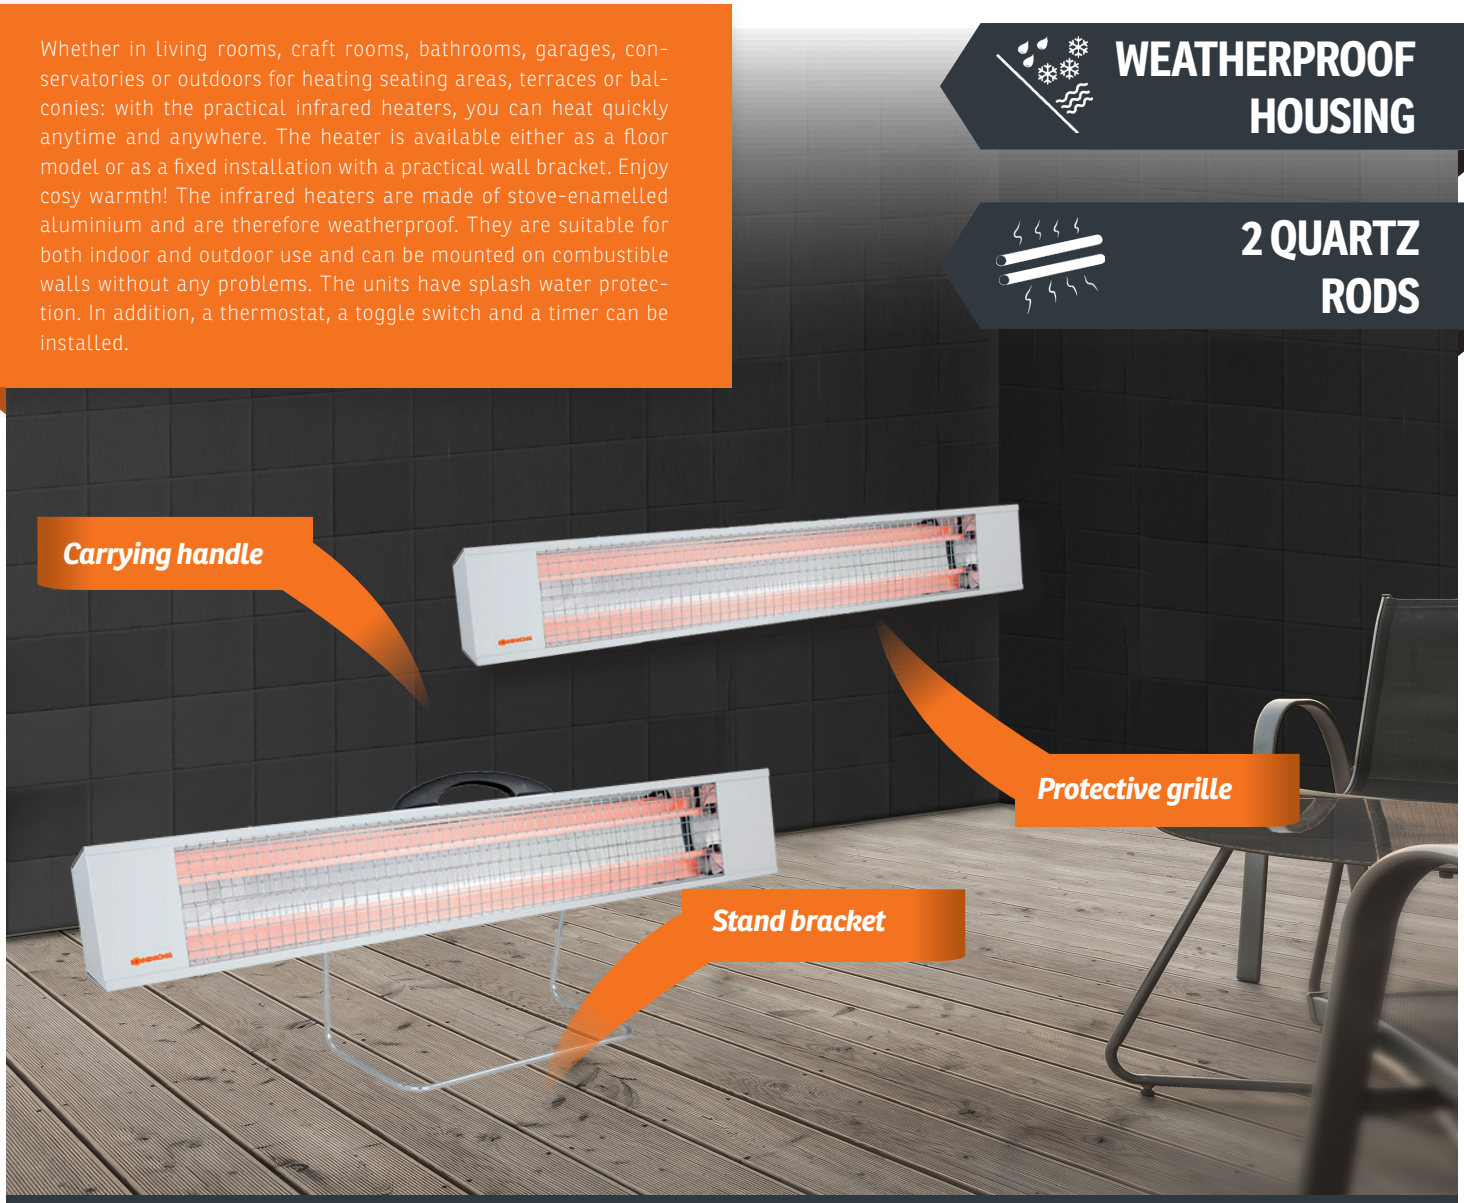

INFRARED LAMP

Whether in living rooms, craft rooms, bathrooms, garages, conservatories or outdoors for heating seating areas, terraces or balconies: with the practical infrared heaters, you can heat quickly anytime and anywhere. The heater is available either as a floor model or as a fixed installation with a practical wall bracket. Enjoy cosy warmth! The infrared heaters are made of stove-enamelled aluminium and are therefore weatherproof. They are suitable for both indoor and outdoor use and can be mounted on combustible walls without any problems. The units have splash water protection. In addition, a thermostat, a toggle switch and a timer can be installed.

EXPRESS HEAT

WEATHERPROOF HOUSING

2 QUARTZ RODS
