VENTUS 1500

HEAT BLOWER

The VENTUS 1500 is particularly well-suited for use in workshops or large spaces. The power setting can be adjusted and there are two heating levels. The thermostat switches the device on as soon as the ambient temperature falls below a pre-set value. The function heater is used as a standing model.

The function heater is very compact, and has four heating levels, three blower level and a thermostat. Thanks overheat prevention functions, the device is extremely safe – if it ever becomes too hot, the heater switches off immediately. Particularly suitable for heating workshops, garages and other large spaces.

4 HEATING LEVELS

TECHNICAL DETAILS

- Power : 95 / 5000 / 10000 / 15000 W
- Voltage: 400 V
- Color: black, yellow
- Dimensions: 41 x 55 x 36 cm
- Weight: 14.5 kg
- Warranty: 2 anni
- Article No.: 20600314

7 640110 921883

TECHNICAL SPECIFICATIONS

- Compact construction
- Cable length: 1.6 m
- Plug: CEE 32
- 4 heat levels
- 3 ventilation level
- Overheat prevention
- Used as a standing model
- Thermostat
- Protection class IP X4
- Temperature: 5 – 30° C
- Room size: 300 m³
- This product is only suitable for well insulated spaces or occasional use
