VENTUS 210

HEAT BLOWER

The VENTUS 210 is particularly well-suited for use in workshops or large spaces. The power setting can be adjusted and there are two heating levels. The thermostat switches the device on as soon as the ambient temperature falls below a pre-set value. The function heater is used as a standing model.

The function heater is very compact, and has two heating levels, one blower level and a thermostat. Thanks overheat prevention functions, the device is extremely safe – if it ever becomes too hot, the heater switches off immediately. Particularly suitable for heating workshops, garages and other large spaces.

2 HEATING LEVELS
1 FAN LEVEL

158 m³/h

ROOM SIZE 40 m³

Handle for transport

Easy operation with thermostat

TECHNICAL DETAILS

- Power: 25 / 1000 / 2000 W | 230 V
- Colour: black, yellow
- Dimensions: 21 x 21.7 x 16 cm
- Weight: 1.7 kg
- Warranty: 2 years
- Article No.: 20600612

7 640110 921869

TECHNICAL SPECIFICATIONS

- Compact design
- 2 heat settings
- 1 fan stage
- Voltage: 230 volts
- Tested: CE
- Overheating protection
- Protective grille
- Handle for transport
- Thermostat
- Protection class IP X4
- 55 dB(A)
- Air circulation: 158 m³/h
- Temperature range: 5 - 30°C
- Room size: 40 m³
